

3 Days Simuliki Amabere Ga Nyinamwiru cave & Queen Elizabeth National Park

Queen Elizabeth national park is situated in the district of Kasese and Rubirizi to the border of Congo. It was gazetted in 1952 as a national park formerly known as Kazinga National Park but later after the Queen Elizabeth 2nd after her visit to the park. It is the second largest protected area and second to be gazetted same year with Murchison's falls. Famous and popular for the fascinating tree climbing lions of the Ishasha sector and also the natural channel that joins Lake George and Lake Edward to the DR Congo. This park is also home to chimpanzees in the Kyambura gorge and over 600 birds' populations more than elsewhere in a single conservation area in the world dotted with twin lakes, Katwe Lake for salt extraction and bordered with Mt. Semuliki's hot springs, one can boil the eggs within 11 minutes since the water boiling point is at 103 degrees Celsius and nature walks in this true birders' haven is worth exploring. Enjoy the stories of the Amabere Ga Nyinamwiru related to the Toro Kingdom.
